Author(s):

Title (provisional):

THE AUTHOR(S) warrant that this manuscript is their work and has not been previously published and is not under consideration for publication elsewhere. The material contained in the manuscript has been approved for submission by all Authors, and persons cited for unpublished work have approved such citation.

FINANCIAL DISCLOSURE: The Authors certify that any affiliations (e.g., employment, consultancies, stock, ownership, honoraria, expert testimony) with any organization or entity with a direct financial interest in the subject matter or materials discussed in this paper are disclosed in a separate statement submitted with this copyright assignment form.

COPYRIGHT ASSIGNMENT: This form must be signed by the corresponding Author on behalf of all the authors. No work can be published by the American Society for Pharmacology and Experimental Therapeutics unless a copyright assignment form has been executed and received. The form must be returned to the Molecular Interventions Editorial Office along with the manuscript.

THE AUTHOR(S) affirm that nothing contained in this manuscript will constitute an infringement of any copyright and that its contents are neither libelous nor constitute an invasion of privacy. The Author(s) agree that the American Society for Pharmacology and Experimental Therapeutics may publish the manuscript in the edition(s) of Molecular Interventions that it deems appropriate, and hereby grant and transfer all exclusive right, title, and interest thereto, including the right to claim copyright (and including rights to the print, electronic and other medium and forms of the manuscript), to the American Society for Pharmacology and Experimental Therapeutics.

THE AUTHOR(S) acknowledge that publication of the submitted manuscript constitutes the entire consideration due them for all of their rights to copyright and further agree to indemnify and hold the American Society for Pharmacology and Experimental Therapeutics harmless from any breach of the aforestated representations.
